GENERAL INFO:

Students in grades K through 12 are invited to enter the National Astronaut Day "Astronaut Patch" art contest.

Patches play a very important role with all Astronauts, and designing a "Mission" patch is one of the first tasks for each new Astronaut crew. Astronauts collaborate and talk about the symbols, emblems, colors and shape that will make their "Mission" patch special. Usually the final designs feature the crew's names and other art elements to represent that specific mission. In the past, many have included stars and stripes, the Space Shuttle and the International Space Station (ISS), and now today the different Commercial Spaceships that will be bringing Astronauts to Space.

One (1) contest winner will receive 50 patches made with their winning patch artwork, an "Astronaut Prize Pack" with autographed books & merchandise, and a 50 minute Skype with an Astronaut to share with a school class or with friends. The first 100 Entrants will receive a sticker set of the "official" 2019 National Astronaut Day "Crew", "Mission" & "Special Mission" patches.

Students are asked to create original artwork inspired by the below themes:

"A Celebration of Astronauts, Past, Present & Future"

"A Tribute to The Apollo 11 50th Anniversary of the Moon Landing"

"The 2019 National Astronaut Day theme of RISE - Read, Inspire, Share, Explore"

"The uniphi space agency motto of "We Believe In Astronauts""
